## **HISTORIC ENVIRONMENT FEATURES**

Search criteria:

All bee boles recorded in the Dyfed HER

A search of the regional Historic Environment Record (HER) held by the Dyfed Archaeological Trust has identified the following historic environment features. These are listed and described below. Each feature is allocated a Primary Record Number (PRN) that should be quoted in any correspondence. Where the identification of a site is not certain then all possible interpretations are given in the type field e.g.'enclosure, henge'. Possible date ranges are also shown in this way in the period field. If a field contains no information then it is either not recorded, not known or not applicable for that site.

Please contact the HER if you have any further questions regarding this information, if you would like any of the sources followed up or if you have information that could improve these records in any way

Source prefixes:

Ph = Published, historic (pre-1900)

Mh = Unpublished, historic

Pm/Mm = Published/Unpublished modern (post-1899)

Desc Text = Descriptive text.

GP/AP = Ground photograph/Aerial photograph.

All other source types should be self-explanatory; please contact the HER if you require assistance with them.

**PRN 46273 NAME**

**TYPE** Bee Bole **PERIOD** Unknown

**NGR** SN173073 **COMMUNITY** Amroth

**CONDITION** Intact **STATUS** *None recorded* **EVIDENCE** Structure

**SUMMARY**

Located in the vicinity of Amroth Castle Holiday Centre. Nine Bee Bole recesses, with curved and pointed arch openings, in a wall that was probably in an orchard. The bee boles would have contained skeps (hives). Slots which once held drip cills can be seen above the recesses. PR 2002 based on Walker,P and Linnard,W,1990.

**DESCRIPTION**

**SOURCES** Pm List Walker,P & Linnard,W 1990 Bee Boles and other beekeeping structures in Wales Archaeologia Cambrensis vol.139, p.71, no.736
